HandCrafted Homes

A BETTER WAY TO BUILD

HandCrafted Homes

A BETTER WAY TO BUILD

The HandCrafted Homes Advantage

HandCrafted Homes includes the following standard features in our exterior door offering. Compare our features to any home builder to see that we do give you a better door for your money.

- Smooth fiberglass doors that will resist dents and warping.
- PVC brick mold with an integral J-channel built in that will allow for a cleaner finish
- Framesaver jambs that offer each customer the comfort of a no-rot jamb that will stand up to the elements versus a wood jamb that will present a service issue in a short period of time.
- Bronze adjustable sill with hideaway screws for easy adjustment

Windsor

The shimmering polished bevels sparkle in a clear and gray soft wave glass background accented with patina coming. A graceful style that will complement any home.

Rustic Doors Collection

Plastpro fiberglass doors are constructed using Hydrosheild Technology that creates a water-resistant seal to prevent warping, delamination, corrosion and rotting. The Hydrosheild seal consists of:

- * Fiberglass Reinforced Door Skins
- * Full-length Composite Stiles
- * Composite Top & Bottom Rails
- * Polyurethane Foam Core

Woodgrain Doors Collection

*the same styles are also available in Smooth Skin

What is Force5?

You demand guaranteed performance.
We deliver.

Force5™ is a guaranteed entry door system created by Endura Products to provide you long-lasting performance against air and water infiltration.

Z-SERIES SILLS

Z Series technology uses a patented design of all synthetic construction that eliminates the worries of wood and ends callbacks.

- All-Composite Substrates eliminate warping and rotting
- Unique High Dam blocks water infiltration
- Sealed Adjustment System keeps the elements out

ASTRAGALS

By using a patented three-point sealing system, Endura's family of Ultimate Astragals performs like no other to eliminate water and air infiltration. No worries.

- Patented three-point sealing system eliminates water infiltration
- Four-way positionable strikes for your convenience
- Patented "floating" boot lifts as the door's opened and seals when the door's shut

WEATHER SEALING

With our line of tested weather sealing products, all you have to do is the simple installation. The products will do the rest.

- Resilient and durable
- Form-retaining
- Dual Bulb design door bottoms
- Consistent compression
- Innovative wedge designed corner pad provides tight fit with weatherstrip

CONTINUOUS SIDELITE SYSTEMS

We incorporate continuous headers, one-piece mulls and continuous sills in our Mull Packs that fit together perfectly and easily every time.

- Strong one-piece mulls and continuous headers
- Specially designed sidelite seats for perfect placement
- Pre-cut decorative brick mould for convenience and aesthetics

ON-SITE PROTECTION

Prevent scratches, dents, dings and dirt with our durable construction covers and be care-free during painting with our weatherstrip covers.

- Durable plastic PVC exterior sill and frame covers protect against dirt, debris and damage during construction
- Weatherstrip covers guard weatherstrip from paint and peels off for easy removal

Our state-of-the-art test equipment dishes out punishing levels of water, heat, wind and cold. The results of this constant testing lead to quality and innovative products. Products that stand up to real world conditions. Products that prevent you callbacks. Force5™ products.

WHAT MAKES A DP RATED SYSTEM?

	Force5 Components	+	Customer Door Panel	+	Door Unit Configuration	=	DP RATING
Example 1	Z-Series Sill, F5 Weatherstrip, F5 Door Bottom		6/8 Smooth Fiberglass, Opaque		OXO Continuous Inswing System		DP 50
Example 2	Z-Series Sill, F5 Weatherstrip, F5 Door Bottom, Ultimate Astragal		6/8 Steel, Full Lite		XX French Inswing System		DP 30

Endura's Force5 systems are designed and tested to the highest water resistance ratings attainable given the combination of Endura components with customer door panels, assembled and installed according to Force 5 specifications. (Results may differ due to variations in door systems from those tested.)

FORCE5 WARRANTY

Endura Products, Inc. guarantees every Force5™ product to be free of defect in material and/or workmanship for the life of the product to the original homeowner. Further, Endura guarantees every Force5™ System, when purchased from an authorized Force5™ Dealer, to perform to the advertised performance criteria of that system based upon independent testing. Contact Endura Products, Inc. for complete Performance Warranty and Warranty Conditions.
